

Post-Masters Volunteer Fellowship Opportunities

Future

FIND YOUR PURPOSE

Strengthen and accelerate the professional development of new therapists who are working toward licensure and who have a passion to provide excellent and affordable counseling services to clients in an environment of outstanding support and care.

Growth

BUILD A STRONG FOUNDATION

A possible next step for Interns

Training/Education opportunities

Free group supervision

Compassionate Care Program

Outstanding orientation

“After years working in residential treatment, I felt a readiness to more intentionally focus on developing my clinical skill set. Joining the Post Masters Volunteer Fellowship Program was a beautiful opportunity to build a caseload that was flexible with my full-time work, gain access to a wealth of free professional development resources and opportunities, and to do so in the midst the most nurturing & supportive environment.”

-ELIZABETH BURTON, LMSW working toward clinical licensure

Beth Blinn & Caroline Berl, Post-Masters Volunteers

“The Refuge Center was critical for me during my time as a Post Masters Volunteer. I had just finished school and wasn’t sure quite what I wanted to do, and The Refuge Center provided a safe place to land. They nurtured me, encouraged me, challenged me, and taught me to be confident in my abilities as a clinician. I would not be where I am today without their guidance in the Post Master’s Volunteer Program!”

-ALLISON LINCOLN

A PLACE FOR CLINICAL EXPERIENCE

- Steady stream of diverse referrals with clinical hours tailored to therapist desires, needs and capabilities.
- Opportunity to explore and practice different modalities.
- Continuing professional education resources and therapeutic skills training available; most at no cost for PMVF’s.
- Informal support for the licensure process and prep for exams through networking/sharing of resources.
- Helpful suggestions for how to launch a practice, if desired, from others who are currently in private practice.

A PLACE TO GROW

- Excellent facilities (office, record keeping, support staff).
- Outstanding clinical group supervision for LMFT and LPC candidates.
- Informal coaching and support-easily accessed from staff & colleagues.
- Formal and informal recognition and feedback.
- Recognized as an RCC Fellow and a source for future references.
- Networking-opportunity to build relationships among staff & Fellows.
- Attachment based culture of grace and truth where we strive for excellence while we learn and grow.
